

Data analytics in geotechnical engineering

Workshop at TU München
October 7, 2019, 13:00-17:00

Program

13:00: Welcome and introduction (Prof. Daniel Straub, TUM)

13:15-15:00: Impulse lectures

13:15: Prof. KK Phoon (NUS Singapore)

14:00: Dr. Wolfgang Betz (Eracons München)

14:30: Prof. Roberto Cudmani (TUM)

15:00: Coffee break

15:15 - 17:00: Opportunities and challenges (moderated by Prof. Phoon & Dr. Papaioannou)

15:15: Open discussion

16:00: Identification of most promising domains of application and necessary steps to bring data analytics into engineering practice.

16:50-17:00 Closure (Prof. Straub)

Attendance at the workshop is free. Please register with Sabine Meyer: sabine.meyer@tum.de

Workshop location:

TU München, Room N1630 (Herbert-Kupfer-Saal), Theresienstr. 90 (Corner Arcisstrasse)
