

## Informational Meeting

# FIELD TRIP TO THE ADIGE RIVER BASIN

## Course of Water Management at the Catchment Scale

Photo: Junqi Mao, 2019

Dear Students,

We would like to invite all interested master's students to attend the informational meeting about the **Field Trip to the Adige River Basin**.

The field trip will take place from **24th to 28th of August 2020**, and it has a **cost of 75 €**.

The first meeting will be held on the **3rd of February** at **9:45 am (room 2601)**. We will cover information regarding to the activities and program of the trip, as well as scientific topics and assignments for the participants. Immediately after the meeting, it will be possible to register and pay for the trip.

We remind you that this activity is part of the course **“Water Management at the Catchment Scale”** (offered in the Summer Semester). Therefore, students from the Master in Environmental Engineering in the Field of Study 2 (Water Resources Management) will have a preference in the selection process.

- **Date and place of the meeting:**
