With all the best wishes for Christmas 2023 and the new year 2024. Stay save.

Your Lehrstuhl für Statik.

And this is how it works:

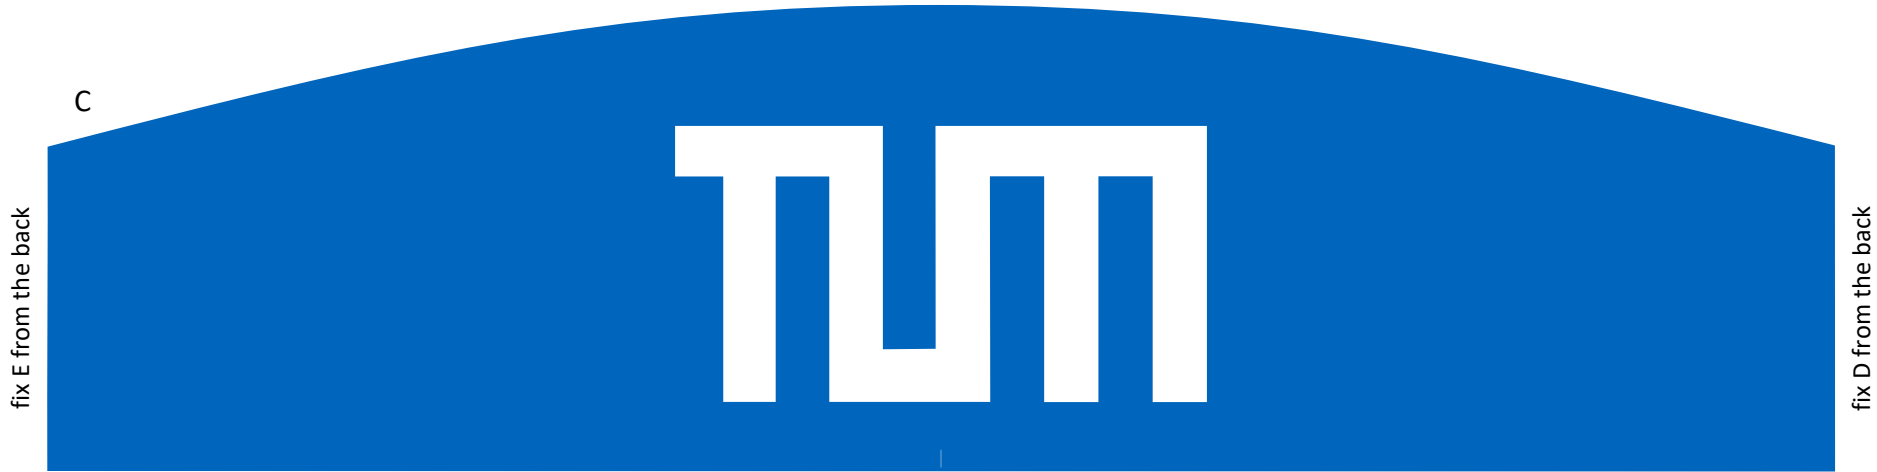

1. Cut out all parts A-E.
2. Part B: Cut the flaps and fold them upwards.
3. Turn A upside down and glue it to B from below.
4. Glue D and E to C.
5. Glue the flaps of B to C from the inside.
6. Thread the narrow end of E through slot 1 of D.
7. Adjust the size to your head, fold the narrow end and put it back into slot 2 of D. Eventually glue the parts.
8. Click to watch the trailer: <https://youtu.be/15wZt5PESqE>

**You still need:** scissors and glue. The classic UHU all-purpose glue is ideal. 

**Hint:** Score the folded edge before cutting.

Werde Teil der TUM Familie und trage die exklusive Weihnachts-TUM-Staticap!  
Eine Größe für alle ...

Mit allen guten Wünschen für Weihnachten 2023 und das neue Jahr 2024. Bleibe behütet.

Ihr/Dein Lehrstuhl für Statik.

Anleitung:

1. Schneide alle Teile A-E aus.
2. Teil B: Schneide die Laschen ein und falte sie nach oben.
3. Drehe Teil A um und klebe es von unten auf B.
4. Klebe D und E an C.
5. Klebe die Laschen von B von innen an C.
6. Fädle das schmale Ende von E durch den Schlitz 1 von D.
7. Passe die Größe an deinen Kopf an, falte das schmale Ende um und stecke es zurück in Schlitz 2 von D.
8. Zum Trailer bitte klicken: <https://youtu.be/15wZt5PESqE>
